**International Conference on Technological Readiness  
for Innovation-based Competitiveness  
(Geneva, 29-30 June 2009)**

Dear Mr. Koch,

On behalf of the United Nations Economic Commission for Europe, I would like to express our gratitude to you for your contribution as a speaker at our recent Conference. Policymakers and experts attending the Conference greatly benefited from your eye-opening presentation "*Cybercrime 2.0 – Addressing Security Issues in Cyberspace*", in particular the messages to raise awareness and to launch preventive structures.

The report of the Conference will include policy recommendations and will be submitted to the fourth session of the Committee on Economic Cooperation and Integration (28-30 September 2009) for the consideration by the UNECE member States.

Once again, let me extend our sincere appreciation to you.

We look forward to having further opportunities to work with you in the future.

Sincerely yours,

  
Andrey Vasilyev
