Sample E-mail

Below is a sample of a fraudulent e-mail that's been sent to Citibank customers. It purports to be from Citibank, but it is not. Its intent is to get you to enter sensitive information about your account and to then use this information to commit fraud.

To ensure a legitimate and safe sign on, always enter www.citibank.com in your browser.

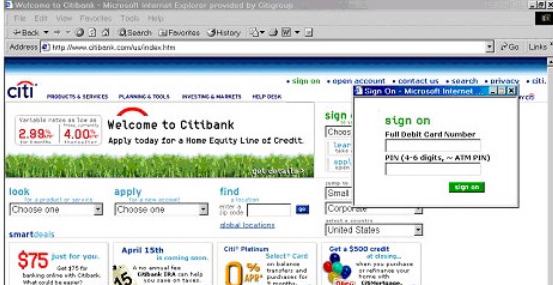

Dear valued Citi member,

It has come to our attention that we are upgrading our systems to improve security. That requires you to verify your Citi credit/debit card number and pin. If you could please take 5-10 minutes out of your online experience and verify information, you will not run into any future problems with Citi online service. However, failure to verify your information will result in account termination. Please verify required information within maximum 24 hours. Once you have verified your account information, your Citi session will not be interrupted and will continue as normal. Failure to verify information will result in cancellation of service, Terms of Service (TOS) violations or future credit/debit card problems.

Please [click here](#) to verify your credit/debit card number and pin.

Thank you for your time!
Marry Kimmel,

This is a sample of what you could see if you clicked on the link in this e-mail:

The screenshot shows the Citibank website with a sign-on page. A warning message is displayed: "Welcome to Citibank. Apply today for a Home Equity Line of Credit." The sign-on form is visible, with fields for "Full Debit Card Number" and "PIN (4-6 digits, not ATN PIN)". The page also features various promotional banners and navigation links.
